

Manual winch - worm gear

250kg - 3000kg capacities

- High quality gears have undergone all breaking and endurance tests
- Hubs machined to create a reserve of grease
- Automatic pawl brake with stainless steel spring
- Rigid tubular chassis with mechanical parts and drum protected by cataphoresis
- Drum can be disengaged by easy access to lever with safety device preventing disengaging when loaded
- Users and gears protected by a protective cover that can be removed for maintenance
- Simple and quick-operation wire rope lug takes any diameter of wire rope
- Variable length control handle giving the user either maximum operating force or rapid operation for small loads or rewinding operations
- Handle adjustment button for maximum ease of use. It can be used to adjust the handle or to remove it to lock operation of the winch
- The Spur Gear winch can be fixed in many positions, on a horizontal or vertical fixing plane on four fixing points (depending on the model)
