

Triple attachment pulley

- Triple attachment points for special applications
- Hot forged aluminium side plates provide strength and durability
- Heat treated stainless steel spindles for high strength and corrosion resistance
- Pre lubricated sintered bronze bearings for smooth operation
- Riveted and tamperproof assembly
- Rapide version incorporates roller bearing sheave for higher efficiency
- Individually marked for traceability
- Suitable for up to 14mm diameter rope
- Efficiency Rating = approx 70%
